Pair 2011-080 Houben

Cock:	00000968-AU-10-JAX BB All Attitude A pure copy of "Never Say Die", the \$200,000 1st place winner of the 2003 South African Million Dollar Pigeon Race. Handles just like his double grandmother. He does not like to be held a prisoner in your hands, and will fight for his freedom.	00000008-AU-07-CLAUS Houben 00000078-AU-06-CLAUS Houben	00000410-AU-00-CLAUS 00000300-AU-02-CLAUS 00000018-AU-02-CLAUS 00000300-AU-02-CLAUS	
	Hen:	00000096-AU-06-CLAUS BB Priceless Super super hen! A daughter of the great 410 when bred to another daughter when 410 was bred to his golden mate 217.	00000410-AU-00-CLAUS Houben 00000017-AU-03-CLAUS Houben	00000083-AU-96-CLAUS 00000038-AU-98-CLAUS 00000410-AU-00-CLAUS 00000217-AU-00-CLAUS

A wonderful pairing of two of the very best Houbens I own. This mating really lines up the great 410, "Never Say Die", "Dana" and the 38 hen. I really like how this family flies well when flown straight and even when bred closely. This mating pushes that to a risky level, but I want to see just how far it can go.

Pair 2011-082 F1: Janssen X Houben

Cock:	00000890-AU-10-JAX BB Houben Grand son of "Never Say Die", the winner of the South African Million Dollar Pigeon Race as well as a double grandson of the great breeder "410" who sired 3rd, 4th, 24th, 36th, 99th and 101st in the very tough early South African Million Dollar Races.	00000008-AU-07-CLAUS Houben 00000043-AU-07-CLAUS Houben	00000410-AU-00-CLAUS 00000300-AU-02-CLAUS 00000410-AU-00-CLAUS 00000236-AU-99-CLAUS	
	Hen:	00009165-AU-09-HAPYCO BB Janssen A very well bred De Klak Janssen. Linebred around De Klak's great "613" (6 times in 7 generations for 35%). This is a pairing of an exceptionally well bred Houben cock that is bred for the tough hard races. He is mated with a De Klak hen who should add some speed without sacrificing any of the grit. The De Klak's have been particularly good on the tough longer races.

Pair 2011-075 F1: Janssen X Hofken

Cock:	00007241-AU-07-GS BC Janssen Perfect in the hand. Fantastic bird. Linebred "Hekkenklak" (44%) and the Hekkenklak Mating (94%)	00000104-AU-01-ADL Hekken Clone Janssen 00004222-AU-05-MAG Janssen	02602289-NL-90 00009856-AU-OHF-98 00005070-AU-95-OHF 00001888-AU-95-WWC

Pair 2011-055 F1: Houben X (Janssen X Meuleman)

Cock:	00000008-AU-06-BBL Rusty Sire of a futurity winner for Rusty Williams and royally bred. Dam is the nest mate of 410 and the sire is off the magic pair of 410 and 217.	BB Houben	00000312-AU-02-CLAUS Houben	00000410-AU-00-CLAUS 00000217-AU-00-CLAUS

A carefully engineered mating that is an F1 but also with an F1 hen for maximum hybrid vigor. It combines three of my favorite lines - Houbens, Janssen and Meuleman.

Pair 2011-081 F1: Houben X Meuleman

Cock:	00000157-AU-09-CLAUS Golden Genes This cock is worth his weight in gold. Nearly a decade younger than his famous prepotent father, he has the potential to carry the tradition forward for another decade. Not only is this cock from a 410 X daughter of 410 mating, but the 410 daughter is off the 217 hen - the 410 x 217 mating was pure gold for Dave Clausing. A new mating that takes some lessons from the MDP results. The Houbens (both from the Houben family and especially the birds of David Clausung) have been the dominant family of winners, particularly in the early years where the final race was close to 400 miles and gruelling. Recently the Vandenabeele line has been doing very well. This pair has two top representatives of these two lines.
